Reviewer’s report

Title: A population-based survey on physical inactivity and leisure time physical activity among adults in Chiang Mai, Thailand, 2014

Version: 0 Date: 10 Mar 2017

Reviewer: S Davis

Reviewer’s report:

This is a well-written paper of interest to those who planning to address physical inactivity. Understanding the epidemiology and characteristics of physical inactivity and the the contribution of LTPA to overall PA level and the influence of stages of change is an important approach to designing programs to increase physical activity.
