Reviewer’s report

Title: Adoption and sustained use of cleaner cooking fuels in rural India: A case control study protocol to understand household, network, and organizational drivers

Version: 1 Date: 14 Aug 2017

Reviewer: Sarah Kehoe

Reviewer’s report:

The authors have addressed the comments previously made. I have some minor comments that I recommend are addressed before publication.

1) Line 14 - insert 'a' as follows '..have a detrimental...'  

2) The footnote with a description of the caste system is very helpful. I suggest starting the footnote with a sentence listing the different caste types. i.e. say something like. There are four caste groupings in India: General caste, ST, SC, OBC. Then go on to describe each of them as has been done. It is not clear what is meant by 'reservation' in this section.
