Reviewer’s report

Title: Occupational burnout and lifestyle in Kazakhstan cardiologists

Version: 0 Date: 01 Feb 2019

Reviewer: Muluken Sorrie

Reviewer's report:

1. How do you see stressful life events and work-family conflicts, which may affect the outcome of burnout?
2. Burnout in cardiologists has serious negative personal and professional consequences and is associated with suboptimal healthcare outcomes for patients so what is your recommendation based on this result?
3. Do you think you can generalize the result obtained from this study since participants were from a single hospital?
4. Burnout among cardiologists may be best mitigated by organizational strategies complemented by individual stress reduction and reflection techniques under the resilience based approach measures of other relevant concepts (professional fulfillment, engagement, fatigue, stress), how do you assess this things?
