Title: Determinants of prebiotic vegetable consumption: the extended Theory of Planned Behaviour

Version: 0 Date: 01 Dec 2019

Reviewer: Ellen Silva Lago Vanzela

Reviewer's report:

The manuscript is about acceptance after some modifications. Line 41: In the sentence 'benefit from the health benefits of (prebiotic) vegetables' must be rewritten because the word 'benefit' is repeated very closely. In the Line 366 also has the same writing problem. The authors should seek recent publications in the field (2017-2019) and update the introduction of the manuscript. Please review the English and the punctuation of the article. The results obtained are interesting and in the summary and conclusion they should be presented in more detail. In both the summary and the conclusion there is a very general description.
