Reviewer’s report

Title: EXPLORING THE RELATIONSHIP BETWEEN THE BIG FIVE PERSONALITY CHARACTERISTICS AND DIETARY HABITS AMONG STUDENTS IN A GHANAIAN UNIVERSITY.

Version: 2 Date: 17 Oct 2018

Reviewer: Jo Hart

Reviewer's report:

The authors have addressed the issue of why looking at personality might be useful, although I think this could be more detailed.

I don't think there is much detail about broadening out to psychological literature.

Extra detail has been added to other sections as per the other reviewer's recommendations

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
Please indicate the quality of language in the manuscript:
