Reviewer’s report

Title: Short-term treatment with taurolidine is associated with liver injury

Version: 0 Date: 07 Jun 2017

Reviewer: Yunbiao Wang

Reviewer's report:

The manuscript is well written, and the information is useful. I would like this paper can be published in BMC PT. Just one comment to be addressed.

Please provide the detail exposure protocol about HepaRG cells with Taurolidine treatment for 24 hours. Moreover, could you get 24h LC50/LD50 of Taurolidine for HepaRG cells, which will be a useful basic toxicological data for this medication.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics

Quality of written English
