Reviewer’s report

Title: Effect of green tea on the gastrointestinal absorption of amoxicillin in rats

Version: 1 Date: 24 Jun 2019

Reviewer: Kathleen Job

Reviewer's report:

I previously reviewed this manuscript. There appears to have been significant changes made to the technical writing components of this manuscript. Both the introduction and discussion sections have also been improved. There are still some minor language issues (e.g. page 65 line 26. "…rich is polyphenols").

There is, however, remaining concern regarding Figure 2. Please 1) reference the published data alluded to in the authors' response and 2) include units in figure 2. If the authors are performing integrations of the data shown in the concentration time curve seen in Figure 1, there should be units associated with the AUC and be included on the y-axis. Additional detail must be included for Figure 2 if the authors do not include the units.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

No

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
Quality of written English
Please indicate the quality of language in the manuscript:

Needs some language corrections before being published

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
