Reviewer’s report

Title: Nonsteroidal sulfamate derivatives as new therapeutic approaches for Neurofibromatosis 2 (NF2)

Version: 1 Date: 30 Sep 2019

Reviewer: Guzmán Alvarez

Reviewer's report:

line 21 pg 16, please incorporate which concentration are you saying (as low concentrations?).

also, there are not page numbers, please take into account for the future.
there are not conclusión, please incorporate this section!!!!!!

Fig 2 and Fig 3 still been hard to understand, It could be better if the graph in column change for a dose-response graph with individuals points, both compounds, and dmso, an also the authors could use this graph to see the ic50 in those conditions.

About the antibiotic, was not my mistake, was a suggestion for your feature work, if you use antibiotics in cell culture when you are studying the mechanism of action of another drug, you are incorporating drug interactions in your model, then the metabolic behavior of the cells change, because that I said that is not recommended the use of antibiotics.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

No

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.

I am able to assess the statistics
Quality of written English
Please indicate the quality of language in the manuscript:
Acceptable

Declaration of competing interests
Please complete a declaration of competing interests, considering the following questions:

1. Have you in the past five years received reimbursements, fees, funding, or salary from an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

2. Do you hold any stocks or shares in an organisation that may in any way gain or lose financially from the publication of this manuscript, either now or in the future?

3. Do you hold or are you currently applying for any patents relating to the content of the manuscript?

4. Have you received reimbursements, fees, funding, or salary from an organization that holds or has applied for patents relating to the content of the manuscript?

5. Do you have any other financial competing interests?

6. Do you have any non-financial competing interests in relation to this paper?

If you can answer no to all of the above, write 'I declare that I have no competing interests' below. If your reply is yes to any, please give details below.

I declare that I have no competing interests
