Reviewer's report

Title: Food sources of energy and nutrients in the diets of infants and toddlers in urban areas of China, based on one 24-hour dietary recall

Version: 1 Date: 11 July 2015

Reviewer: Maria Gianni

Reviewer's report:

The authors aimed to understand feeding patterns of young children through an analysis of food sources of energy and nutrients in the diets of infants and toddlers living in urban areas in China. The topic addressed is important and novel; the results from these studies add further insight in the diets of Chinese infants and toddlers.

Level of interest: An article of importance in its field

Quality of written English: Acceptable
