Title: Engaging Experts and Patients to Refine the Nutrition Literacy Assessment Instrument

Version: 0 Date: 30 Jun 2017

Reviewer: Sheila Skeaff

Reviewer's report:

The manuscript has been suitably revised in response to suggestions raised in the first review, which was particularly thorough by Reviewer 2. It would be helpful if the instrument was published as supplementary material along with this article; this would be useful for the readers of this article, but more importantly, allow the instrument to be used in multiple settings; it would also increase the citation of the paper.
