Title: On exploring and ranking risk factors of child malnutrition in Bangladesh using multiple classification analysis

Version: 0 Date: 21 Sep 2016

Reviewer: Khaled Saad

Reviewer’s report:

A good manuscript on an interesting subject, please consider the followings:

1. Please remove abbreviations from abstract, also all abbreviations all over the manuscript should be revised as some of them are confusing.

2. The study methodology is NOT complete. The inclusion and exclusion criteria should be more clear.

3. The results and discussion are good, except some English errors and please separate from each other in 2 sections.

4. Many sections in introduction and discussion need to be summarized by 50%

5. The English of the manuscript needs revision. There are many grammatical and syntax errors in the manuscript.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.
