Title: Malnutrition in Chakradharpur, Jharkhand: an anthropological study of perceptions and care practices from India

Version: 1 Date: 30 Apr 2019

Reviewer: Marianna Baum

Reviewer’s report:

The manuscript is much improved. While a sentence at the beginning of the Discussion states that better community education is needed, this idea should be expanded and also placed into the Conclusion of the manuscript and of the Abstract, so the paper deals not only with treatment of malnourished children, but also with prevention of malnutrition. There are still repetitions that could be deleted and the manuscript shortened.
