Reviewer’s report

Title: Glycerin Suppositories Used Prophylactically in Premature infants (SUPP)
Trial: a study protocol for a pilot randomized controlled trial

Version: 2 Date: 19 March 2015
Reviewer: Elizabeth Cross

Reviewer’s report:

This is a well considered paper. Issues around unblinding, and withdrawals and exclusions, in particular, have been well thought out.

1. Minor Essential Revisions
   a. Randomisations, second paragraph : add the word 'be' to the sentence "Sequence generation will created"
   b. Discussion, first sentence: insert the word 'of' to the sentence "Previous studies on the use glycerin suppositories"
   c. Discussion, second sentence: insert the word 'pf' to the sentence "explored the use glycerin laxatives"

2. Discretionary Revisions
   a. How would the authors check and record if unblinding has occurred?

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
