Title: HOPE: Help fOr People with money, employment, benefit or housing problems: study protocol for a randomised controlled trial.

Version: 0 Date: 09 May 2017

Reviewer: Fiona Mitchell

Reviewer's report:

An interesting and well-presented protocol paper that details the pilot/feasibility intervention. The study has been well designed and acknowledges the limitations of quantitative pilot data. More details of each intervention session with the HOPE workers would have been useful, so this should be included in outcomes papers from the study.
