Title: Rethinking Strategies for Positive Newborn Screening Result (NBS+) Delivery (ReSPoND): a process evaluation of co-designing interventions to minimise impact on parental emotional well-being and stress

Version: 0 Date: 23 Jan 2019

Reviewer: Susanne Brandstetter

Reviewer's report:

Thank you for the opportunity to review this well-written and interesting manuscript.

I believe the proposed study deals with an exciting topic and the findings of this study are likely to provide an important contribution to the field.

The intervention development is based on suitable theoretical frameworks and models, both parents and health care professionals are involved in the process. The methods which are proposed for intervention development and process evaluation are clearly described.
