Reviewer’s report

Title: Implementation of Mifepristone Medical Abortion in Canada: Pilot and Feasibility Testing of a Survey to Assess Facilitators and Barriers

Version: 1 Date: 03 Oct 2019

Reviewer: Andrew Kenneth Husband

Reviewer's report:

Thanks for reviewing the paper in line with suggestions made. I would comment that I agree that CONSORT or other frameworks around reporting can be easily exchanged. My points did not hinge on the reporting framework but more on the lack of clarity around the aims and objectives of the study. It does seem that these have been addressed in this revision.

Level of interest

Please indicate how interesting you found the manuscript:

An article whose findings are important to those with closely related research interests
