Reviewer's report:

Thank you for addressing my comments. I feel that the manuscript has been strengthened. There are still a couple of minor points that I think could be clarified, principally around the study procedures.

P9 - How will the adolescents complete the CCA activity, i.e. alone or with the study coordinator? How will they be introduced to the task?

P16 - Does the telephone interview occur at T2? If so, then the description of T2 needs to reflect the 30 min duration (top of p17), rather than 15 mins.
