Reviewer’s report

Title: Mapping the nomenclature, methodology and reporting of studies that review methods: A pilot methodological review

Version: 2 Date: 18 Dec 2019

Reviewer: Jinhui Ma

Reviewer's report:

In line 172-173 page 9 the Inter-rater Agreement section, you wrote "Agreement was calculated for yes/no and numerical fields at the full text screen and data abstraction levels". What do you mean by "data abstraction levels"? There are some discrepancies between the cleaned version and the version with tracked changes. For example, you have a "Data extraction" section in the abstract in the cleaned version, but it appears to be "Data abstraction" section in the version with tracked changes. The authors should make sure the two versions are consistent with each other, which will make the reviewers easy to review the change.
