Title: Leveraging Emergency Department Visits to Connect Older Adults At-Risk for Malnutrition and Food Insecurity to Community Resources: Design and Protocol Development for The BRIDGE Study

Version: 0 Date: 20 Oct 2019

Reviewer: Kohei Maruya

Reviewer's report:

I think that it will be a very wonderful research if the contents described in this manuscript can be realized. However, the manuscript described only positive aspects of research. It is important to explain the methodology and its feasibility, but it is also necessary to explain the expected results and the limitations of the this study.
