Reviewer’s report

Title: The feasibility and acceptability of an early intervention in primary care to prevent Chronic Fatigue Syndrome (CFS) in adults: randomised controlled trial

Version: 2 Date: 07 Nov 2019

Reviewer: Martyn Lewis

Reviewer's report:

Thanks you for your response. I am happy with the text changes you have made. I do not agree with you in regards to the omission of 3 month and summary (not statistical testing of) healthcare resource data as no doubt the objectives of the study would have included summarising these data; though, I am happy that some (limited) text has been provided in terms of the 3 month follow up response at least.
