Reviewer’s report

Title: Co-creation of a digital tool for the empowerment of parents of children with physical disabilities

Version: 1 Date: 02 Aug 2017

Reviewer's report:

I accept this as a competent paper. It is now more clear in all its aspect. It explains the procedure and methods. The writing is a bit stilted and a better flow would have made it better. I do not think that it will be of much interests to further researchers as it is basically a one off. However, to the parents and children it is very important.
