Title: Advancing Care for Family Caregivers of Persons with Dementia through Caregiver and Community Partnerships

Version: 0 Date: 02 Oct 2017

Reviewer: Julie Dorrell

Reviewer’s report:

Despite this article's context being American it is understandable and extremely interesting at a time when so many people are diagnosed with dementias of all kinds and their families find themselves in the caregiver role as you describe it. In England we call ourselves Carers.

I think you have tackled a subject that is really important today not just for your local area but worldwide, so I hope your article will receive wide publication.
