Reviewer’s report

Title: Involving service users in the qualitative analysis of patient narratives to support healthcare quality improvement.

Version: 1 Date: 12 Nov 2018

Reviewer: Adele Horobin

Reviewer's report:

The revised version is far clearer and easier to read. I'm glad my comments were helpful. Just one minor point - the word 'co-discovery' is still used (p.14, line 50 on the Track Changes version). It might be helpful to amend this to keep consistent with the rest of the text.

Level of interest
Please indicate how interesting you found the manuscript:

An article of importance in its field

Quality of written English
