Reviewer’s report

Title: Patient and Public Engagement in Integrated Knowledge Translation Research: Are we there yet?

Version: 0 Date: 31 Aug 2018

Reviewer: Julie Deléglise

Reviewer's report:

- What about the involvement of patients organisations? it would be relevant specially for very young patients or patients with vital prognosis who cannot be involved in research

- Page 5, line 27: those impacted by the research, does it include family?

- Page 6 IKT Research: i would add the empowerment of patients and the willingness of patients organisations to be involved in all discussions "nothing about us without us"

- Page 23, lines 4 to 48: the conclusion should end on a topic which would be more linked to the content of the article

- In terms of structure, i add difficulties to get the point and to clearly understand the outcome of the article

Apologies for the mistakes, English is not my native language!
