Reviewer’s report

Title: Co-building a patient-oriented research curriculum in Canada

Version: 0 Date: 05 Dec 2018

Reviewer: Kristen Moulton

Reviewer's report:

I think this is a well written article. The introduction is perhaps a bit lengthy and I wonder if there is a way to make it more concise. Would it make sense to put more of the development of curriculum section in with the additional files perhaps?

Level of interest
Please indicate how interesting you found the manuscript:

An article whose findings are important to those with closely related research interests

Quality of written English
Please indicate the quality of language in the manuscript:
