Title: The Development and User Evaluation of Health Behaviour Change Resources for Teenage and Young Adult Cancer Survivors

Version: 0 Date: 04 Dec 2018

Reviewer: Adewale Adebajo

Reviewer’s report:

It would appear that the authors have responded to comments from the previous reviewers.

However, I have the following minor additional comments:

1) It is not clear as to whether or not the teenage and young adult cancer survivors (TYACS) were paid for their time and the rationale for this decision.

2) Did the researchers consider multimedia formats such as films as part of the resources assembled for the intervention.
