Title: Move the North: Evaluation of a regional stakeholder engagement initiative to support the development of a community-partnered physical activity research agenda

Version: 0 Date: 03 Jun 2019

Reviewer: Cheow Peng Ooi

Reviewer's report:

This is an interesting topic on stakeholder engagement initiative. However, the following will need further clarification:

1. The information gap is clearly identified and supported by local setting data. However, appropriate citations from literature will justify and add to the clarity of the implementation strategy and process.

2. Addition of a conceptual model, framework or theoretical grounding linking to the study objectives, hypotheses, and measures will also contribute towards the rationale of this project.

3. The stakeholders, the team, implementation strategy and process are well described but the potential implementation barriers are not clearly described.
