Title: Measuring the Data Gap: Inclusion of Sex and Gender Reporting in Diabetes Research

Version: 0 Date: 19 Feb 2019

Reviewer: Jennifer Bazinet

Reviewer's report:

This is a well-written article that is very important for increasing the awareness of lack of reporting of sex/gender in research studies. While not necessary, the article could be strengthened by incorporating funding sources (NIH, CIHR, industry, or other) to identify disparities in reporting based on funding source.
