Title: Cardiovascular Co-morbidity in Patients with Rheumatoid Arthritis: a narrative review of risk factors, cardiovascular risk assessment and treatment

Version: 1 Date: 15 Jan 2018

Reviewer’s report:

According to my previous comments, I think the authors have acted on essentially all my suggestions. I find their comments and due changes in the text adequate.

There is a disrepancy between some of the reference numbers given in the answer formula and the final, revised manuscript. As far as I can judge, the numbers in the manuscript are correct, however I suggest the authors to look through this once more.
