Reviewer’s report

Title: Gout and Sexual Function: Patient Perspective of how gout affects personal relationships and Intimacy

Version: 0 Date: 07 Nov 2018

Reviewer: Peter Gow

Reviewer's report:

This is an excellent report of an important though rarely discussed topic for patients with gout, clearly written with appropriate tables.

My only recommendation would be to change the word "sex" when talking about males and females to "gender" which would avoid confusion in view of the topic of the report.

Are the methods appropriate and well described?
If not, please specify what is required in your comments to the authors.

Yes

Does the work include the necessary controls?
If not, please specify which controls are required in your comments to the authors.

Yes

Are the conclusions drawn adequately supported by the data shown?
If not, please explain in your comments to the authors.

Yes

Are you able to assess any statistics in the manuscript or would you recommend an additional statistical review?
If an additional statistical review is recommended, please specify what aspects require further assessment in your comments to the editors.
